Introduction

Our Comments

This attractive ground floor apartment is offered on a shared ownership basis, providing an excellent opportunity for those looking to step onto the property ladder in an affordable way.

The home features a welcoming open-plan living and dining area, creating a bright and sociable space that is perfect for relaxing or entertaining. Patio doors open directly onto the well-maintained communal gardens, allowing natural light to flood in and offering a lovely outlook as well as easy access to the outdoor space.

The kitchen is neatly fitted with a range of modern units and includes an integrated oven, gas hob, and hood, making it both practical and stylish. The bedroom is a comfortable double, with plenty of space for furnishings, while the bathroom has been finished with a contemporary white suite, providing a clean and fresh feel.

Further benefits include allocated parking for residents, gas central heating, and double glazing throughout. The apartment enjoys the added convenience of being on the ground floor, making it easily accessible and appealing to a wide range of buyers.

This property combines comfort, convenience, and affordability in a well-presented home with access to communal outdoor space and practical amenities.

Maps

Coal Mining

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps

Conservation Areas

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Nearby Conservation Areas

- 1 Easthampstead
- 2 Warfield
- 3 Winkfield Row
- 4 Murdoch Road
- 5 Langborough Road
- 6 Wokingham Town Centre
- 7 Winkfield Village
- 8 Bagshot Park, Bagshot
- 9 Windlesham, Church Road and Kennel Lane
- 10 Finchampstead Church

Maps

Council Wards

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

Nearby Council Wards

-  1 Wildridings and Central Ward
-  2 Old Bracknell Ward
-  3 Priestwood and Garth Ward
-  4 Harmans Water Ward
-  5 Great Hollands North Ward
-  6 Bullbrook Ward
-  7 Hanworth Ward
-  8 Crown Wood Ward
-  9 Warfield Harvest Ride Ward
-  10 Great Hollands South Ward

Maps

Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	■
4		70.0-74.9 dB	■
3		65.0-69.9 dB	■
2		60.0-64.9 dB	■
1		55.0-59.9 dB	■

Flood Risk

Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

Flood Risk

Rivers & Seas - Climate Change

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

Environment

Radon Gas

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m3).

Local Area

Road Noise

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB

Duncan Yeardley

About Us

Duncan Yeardley

From a team of just two, the company has grown significantly in recent years to boast a superb team of local property experts. And, we're not stopping there. In 2021 we expanded and now have an office in Ascot to help even more people with their home moves. We can strongly say our foundation for being local experts is solid. We're local residents who play an active part in the community and our children go to local schools. And we all love working at Duncan Yeardley! Several long-standing team members have been part of our story for many years and we always encourage progression, development and training so our people are the best they can be.

With our great culture and work ethic, we always put our customers at the heart of what we do. We're lucky to have people who are genuinely passionate about property, and we're often complimented for going the extra mile. We hope to do that for you too!

Duncan Yeardley

Testimonials

Testimonial 1

We chose Duncan Yeardley for the sale of our property based on the impression we got when walking into their office, friendly, professional and put us at ease.

Testimonial 2

Fantastic service. Vivien in particular was extremely helpful in finding just the property that I was looking for. Her contact throughout has been first class.

Testimonial 3

Super impressed by the brilliant team at DY. Knowledgeable, ultra professional and human. They genuinely care about their sellers and buyers. Can't recommend them highly enough.

Testimonial 4

We had to quickly find a new property due to my partner being pregnant, Vivien who assisted us throughout the process, was brilliant.
