King & Chasemore

Established 1840

This stunning first floor apartment forms part of the Grade II listed building at King Edward VII. The property which is situated on a private landing just off the main atrium retains a great deal of charm and character which reflects the original building.

Internally the luxury apartment has been designed to offer two distinct areas of accommodation and comprises: - An entrance hall with storage and doors leading to the modern high specification kitchen which features integrated appliances. From the entrance a further door leads onto the spacious charming living / dining room which benefits from a sunny southerly aspect through the original character windows and once more reflects the charm of the original building.

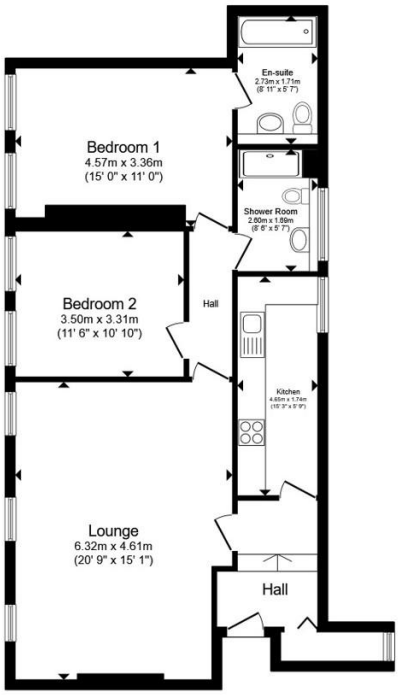

A doorway leads through to a separate hallway which in turn leads to the double guest bedroom, once more with a bright southerly aspect, the modern high specification guest bathroom and then carries through to the beautiful master bedroom which benefits from a generous ensuite bathroom.

In addition, the property benefits from two secure underground parking spaces and has access to around 165 acres of communal grounds, a private gym and swimming pool.

The estate also features approximately 6.9 kilometres of public walking paths that meander through mature oak woodlands and heathlands, offering opportunities for recreation and connection with nature.
