Introduction

Our Comments

An exceptional three-bedroom detached bungalow, set in the centre of Warfield Street and formerly the village post office, offering a rare blend of character and modern living. Available with no onward chain, this is a unique opportunity to acquire a home with both history and style.

A welcoming entrance hall, introduced by striking double front doors, sets the tone for the space within. At the heart of the home is a beautifully designed, high-specification kitchen featuring a central island, dining area, and adjoining utility room. This impressive open-plan space is enhanced by exposed beams and a vaulted ceiling, creating a bright and airy environment full of charm. Both the kitchen and utility room open directly onto the garden, allowing for an easy connection between indoor and outdoor living.

The property also offers a generous dual-aspect living room, filled with natural light and centred around a cosy log burner - perfect for relaxing evenings. There are three well-sized double bedrooms, including a principal bedroom with a stylishly refitted en-suite. The remaining bedrooms are flexible in use, ideal for family life, guests, or working from home, and are served by a modern family bathroom.

Outside, the home continues to impress. The rear garden sits on a substantial, well-maintained plot and has been thoughtfully arranged for both entertaining and everyday enjoyment. A particularly attractive feature is the garden bar, ideal for hosting or unwinding during warmer months.

Additional benefits include two storage sheds and a greenhouse, catering well to those with gardening interests. The garden is bordered by mature planting, offering a sense of privacy without feeling enclosed. To the front, a spacious driveway provides ample parking for several vehicles, completing this appealing home.

Coal Mining

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	■
4		70.0-74.9 dB	■
3		65.0-69.9 dB	■
2		60.0-64.9 dB	■
1		55.0-59.9 dB	■

Environment

Radon Gas

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Duncan Yeardley

About Us

Duncan Yeardley

From a team of just two, the company has grown significantly in recent years to boast a superb team of local property experts. And, we're not stopping there. In 2021 we expanded and now have an office in Ascot to help even more people with their home moves. We can strongly say our foundation for being local experts is solid. We're local residents who play an active part in the community and our children go to local schools. And we all love working at Duncan Yeardley! Several long-standing team members have been part of our story for many years and we always encourage progression, development and training so our people are the best they can be.

With our great culture and work ethic, we always put our customers at the heart of what we do. We're lucky to have people who are genuinely passionate about property, and we're often complimented for going the extra mile. We hope to do that for you too!
