Introduction

Our Comments

Duncan Yeardley is proud to present to the market this impressive three bedroom home, ideally situated in the desirable Oaks development on Warfield Park and presented in excellent condition throughout. Thoughtfully designed to offer spacious and versatile accommodation, the property features a generous principal bedroom complete with a walk-in wardrobe, alongside two further well-proportioned bedrooms and modern bathroom facilities. The bright and spacious living areas are perfectly suited to both everyday living and entertaining, complemented by a well-appointed kitchen and stylish finishes throughout. Externally, the property benefits from driveway parking and a double garage, providing excellent storage and practicality. Set within one of the area's most desirable locations, this superb home offers an ideal blend of comfort, space and convenience.

Maps

Coal Mining

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps

Conservation Areas

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Maps

Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	
4		70.0-74.9 dB	
3		65.0-69.9 dB	
2		60.0-64.9 dB	
1		55.0-59.9 dB	

Flood Risk

Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

Flood Risk

Rivers & Seas - Climate Change

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

Environment

Radon Gas

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m3).

Local Area

Road Noise

The data indicates the level of noise according to strategic noise sources across all traffic routes. This indicates a 25 house annual average noise level with separate weightings for the evening and the night periods.

Duncan Yeardley

About Us

Duncan Yeardley

From a team of just two, the company has grown significantly in recent years to boast a superb team of local property experts. And, we're not stopping there. In 2021 we expanded and now have an office in Ascot to help even more people with their home moves. We can strongly say our foundation for being local experts is solid. We're local residents who play an active part in the community and our children go to local schools. And we all love working at Duncan Yeardley! Several long-standing team members have been part of our story for many years and we always encourage progression, development and training so our people are the best they can be.

With our great culture and work ethic, we always put our customers at the heart of what we do. We're lucky to have people who are genuinely passionate about property, and we're often complimented for going the extra mile. We hope to do that for you too!

Duncan Yeardley

Testimonials

Testimonial 1

We chose Duncan Yeardley for the sale of our property based on the impression we got when walking into their office, friendly, professional and put us at ease.

Testimonial 2

Fantastic service. Vivien in particular was extremely helpful in finding just the property that I was looking for. Her contact throughout has been first class.

Testimonial 3

Super impressed by the brilliant team at DY. Knowledgeable, ultra professional and human. They genuinely care about their sellers and buyers. Can't recommend them highly enough.

Testimonial 4

We had to quickly find a new property due to my partner being pregnant, Vivien who assisted us throughout the process, was brilliant.
