ESTATES

119 Ebberts Road

Hemel Hempstead | Hertfordshire

Hemel Hempstead | Hertfordshire | HP3 9QS

119 Ebberns Road

Situated on Ebberns Road in Apsley, this three-bedroom end-of-terrace home presents an exciting opportunity for buyers seeking a renovation project with outstanding potential. Occupying a substantial plot, the property offers excellent scope to extend the existing home or explore the possibility of constructing an additional dwelling, subject to the necessary planning permissions.

The ground floor comprises an entrance porch leading into a spacious living room, together with a kitchen, family bathroom and a separate WC. Whilst the property requires modernisation throughout, it provides a fantastic opportunity for purchasers looking to create a home tailored to their own specification.

To the first floor are three bedrooms, with the third bedroom currently accessed via Bedroom Two, offering the potential for reconfiguration as part of any future refurbishment or extension works.

One of the property's standout features is its exceptionally generous rear garden, providing an abundance of outdoor space and significant development potential (subject to planning permission). Externally, the property also benefits from off-street parking and a detached single garage.

Whether you are a developer, investor or homeowner looking for your next renovation project, this is a rare opportunity to acquire a property with tremendous scope in a well-established residential location.

Viewing by appointment only.
