The ground floor also provides a generous guest bedroom, a third bedroom which would make an ideal home office for those working remotely, and a luxurious shower room. Throughout this floor, bespoke solid timber sliding doors add warmth and character, while underfloor heating ensures year-round comfort.

Occupying the first floor is the superb principal bedroom suite, complete with fitted wardrobes and a luxurious en-suite bathroom, creating a peaceful retreat away from the main living accommodation.

Designed with efficiency in mind, The Bothy benefits from an electric boiler, underfloor heating across the ground floor and solar panels which provide an income through exported electricity, helping to reduce running costs. Externally, there is private driveway parking for two vehicles.

My wife and I recently purchased our first property through Intercounty. The staff were friendly and knowledgeable throughout and helped us cut through the jargon associated with getting on the property ladder. They made the process quick and easy, and kept us in the loop all the way through as our sales progression agent. Would highly recommend.
