DESCRIPTION

Milton House enjoys a prominent position towards the top end of the High Street and its launch to the market provides potential buyers with the opportunity of acquiring a five bedroomed property in need of modernisation and renovation.

The property offers flexible accommodation over three floors including a cellar and in addition benefits from single storey range of outbuildings to the rear along with private south facing courtyard and garden. It represents an ideal opportunity to improve and extend and is offered with the benefit of vacant possession on completion.

The front door opens into entrance hall with staircase rising to upper floors and understairs cupboard reveals steps down to the wine cellar with sump pump. Running along the front of the house are two reception rooms, both benefitting from open fireplaces with the sitting room enjoying views across the courtyard from the pair of glazed French doors with glazed side lights.

At the end of the hall is a cloakroom and access to the part tiled kitchen with pine base and eye level units together with inset one and a half bowl stainless steel sink. Fitted appliances include Stoves oven and grill along with four ring gas hob. Beyond the kitchen lies two further reception rooms along with former utility room which lend themselves to be incorporated to create open plan kitchen/breakfast/family room benefitting from direct access into the courtyard and garden.

OUTBUILDINGS AND CARPORT

Attached to the rear wing of Milton House is an L shaped single storey outbuilding utilised as a workshop and store. To the south side on the front elevation is an electric roller shutter door which on opening reveals a car port with direct access to the rear courtyard and garden.

Running in front of Milton House is a herbaceous border divided in two by path leading to front door. Lying to the rear of the property is a partly enclosed south facing courtyard along with paved seating terrace.
