Entrance Vestibule / Hall

The property is entered through a private front door into a welcoming entrance vestibule, providing access directly into the main living accommodation. The interior is finished in light neutral tones, creating a bright and inviting first impression.

Living Room – 3.79m x 4.43m

A generously proportioned main living room offering plenty of space for a range of lounge furniture. A large front-facing window provides good natural light, while timber-effect flooring, neutral walls and a feature fireplace create an attractive and comfortable living space.

The staircase rises directly from the lounge to the first-floor accommodation, making effective use of the available floor space.

Kitchen – 3.79m x 2.46m

Positioned to the rear of the property, the kitchen provides a practical and well-sized space with a range of white wall and floor-mounted units complemented by contrasting work surfaces and tiled splashbacks.

There is space for a selection of freestanding appliances, while the rear-facing window provides natural light above the sink area. A door gives direct access to the rear garden, making the kitchen particularly convenient for everyday family living and outdoor entertaining.

First Floor Landing

The staircase leads to a bright first-floor landing giving access to both bedrooms and the family bathroom. The light décor continues upstairs, maintaining a clean and consistent finish throughout the home.

Primary Bedroom – 3.23m x 2.45m

A comfortable double bedroom positioned to the rear of the property. Two windows provide good natural light, while the contrasting feature wall adds character to the otherwise neutral décor.

There is ample space for a double bed together with additional bedroom furniture, making this a practical main bedroom.

Bedroom Two – 3.79m x 2.47m

A well-proportioned second bedroom offering flexibility for a child's bedroom, guest room or home-working space.

Finished in neutral tones with timber-effect flooring and a window providing natural light, the room offers good usable floor space for bedroom furniture and storage.

Bathroom – 1.68m x 2.18m

The family bathroom is fitted with a three-piece suite comprising bath with electric shower over, WC and pedestal wash-hand basin.

Tiled wall finishes provide a practical finish around the sanitary fittings, while a window brings natural light and ventilation into the room.

Front Garden

To the front, the property enjoys its own enclosed garden area, providing a pleasant separation from the pavement and a welcoming approach to the house.

Rear Garden

The private rear garden is arranged predominantly with artificial grass for relatively straightforward maintenance and is enclosed by timber fencing.

The tiered layout provides useful outdoor space for seating, children's play equipment or general recreation.

The garden currently also contains a substantial container-style structure; prospective purchasers should satisfy themselves regarding its inclusion in the sale and intended use.
