Introduction

Our Comments

DY.

Situated within the popular and well-established Jennett's Park development, this attractive end of terrace family home offers well-proportioned accommodation, a private rear garden and allocated parking for two vehicles. Ideally positioned for access to both Bracknell and Wokingham town centres, as well as convenient connections to the M3 and M4 motorways and Bracknell mainline train station.

The ground floor offers a welcoming 15ft living/dining room, providing a comfortable and versatile space for both relaxing and entertaining. There is also a well-appointed kitchen/breakfast room with a range of integrated appliances, offering plenty of space for everyday family life, together with a useful downstairs cloakroom.

To the first floor are three well-proportioned bedrooms. The principal bedroom benefits from its own en-suite shower room, while the remaining bedrooms are served by a modern three-piece family bathroom. The layout provides excellent flexibility for families, guests or those looking for additional space to work from home.

Externally, the property offers a particularly private rear garden, creating an excellent space for outdoor entertaining and relaxing. The garden also benefits from gated side and rear access, providing convenient access between the garden, parking and front of the property. Being an end of terrace home also offers the added benefit of increased privacy and a greater sense of space.

To the rear, there is allocated parking for two vehicles, making this an ideal choice for buyers looking for a well-positioned family home with excellent transport links, private outside space and convenient access to local amenities.

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps

Conservation Areas

DY.

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Maps

Council Wards

DY.

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	■
4		70.0-74.9 dB	■
3		65.0-69.9 dB	■
2		60.0-64.9 dB	■
1		55.0-59.9 dB	■

Flood Risk

Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

Flood Risk

Rivers & Seas - Climate Change

DY.

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Local Area

Road Noise

DY.

Our experienced team are available to advise on all aspects of the mortgage market.

To discuss your mortgage requirements, book a free mortgage consultation with a qualified adviser on 01628 507477.

Testimonial 1

Duncan Yeardley was amazing! We had chosen them due to the MANY recommendations on Facebook from other happy sellers. We sold within a week, so we were extremely pleased about that. A HUGE thank you goes to Gina who managed the expectations of our buyers, ensuring we didn't lose them and everyone was kept in the loop. She managed our sale so perfectly and I cannot fault her or Duncan Yeardley. I would recommend them to anyone that was selling.

Testimonial 2

23 years ago I purchased my current house through Duncan Yeardley. They were outstanding back then & have been outstanding with the sale of the property, which I hand over this Friday. Things don't always go to plan in life but whenever I asked a question I always received answers or advice very quickly. Everyone I spoke to was very knowledgeable & were genuinely very keen to help. I can't fault them at all & would recommend them without any hesitation.

Testimonial 3

The Duncan Yeardley team look after you all the way through. They are compassionate & hard working. Gina especially I owe huge thanks to for being in my corner & looking after me so well. Judy, Lucy, Mandy & girls were always there to help too. Can't recommend them enough.
