Maps
Coal Mining

This map displays nearby coal mine entrances and their classifications.

Mine Entry

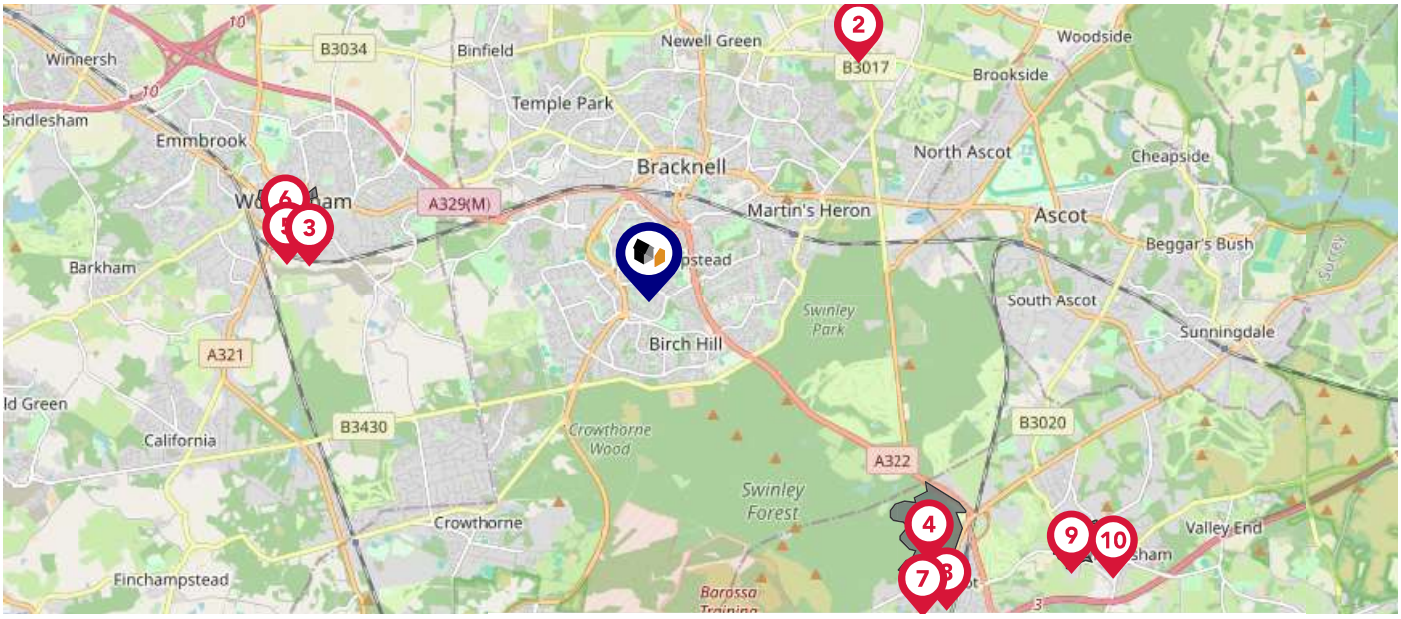

- Adit
- Gutter Pit
- Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

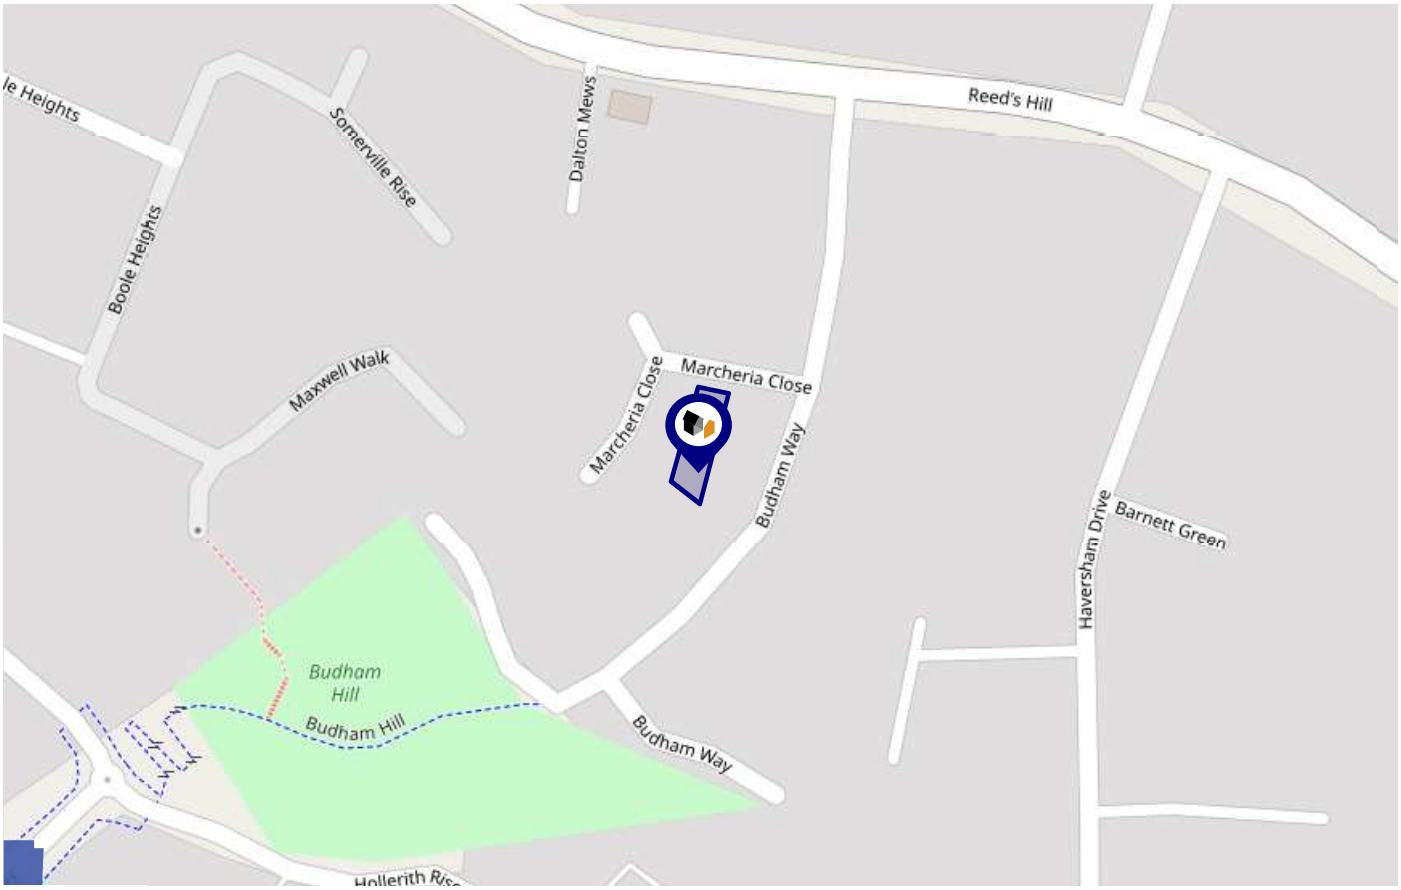

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5	75.0+ dB	
4	70.0-74.9 dB	
3	65.0-69.9 dB	
2	60.0-64.9 dB

Duncan Yeardley

From a team of just two, the company has grown significantly in recent years to boast a superb team of local property experts. And, we're not stopping there. In 2021 we expanded and now have an office in Ascot to help even more people with their home moves. We can strongly say our foundation for being local experts is solid. We're local residents who play an active part in the community and our children go to local schools. And we all love working at Duncan Yeardley! Several long-standing team members have been part of our story for many years and we always encourage progression, development and training so our people are the best they can be.

With our great culture and work ethic, we always put our customers at the heart of what we do. We're lucky to have people who are genuinely passionate about property, and we're often complimented for going the extra mile. We hope to do that for you too!
