The property is approached via a generous driveway providing extensive off-road parking for multiple vehicles, together with access to a detached garage. Upon entering the home, you immediately get a sense of the space and versatility on offer. Undoubtedly, the heart of the property is the impressive open-plan kitchen, dining and family room, which stretches across the rear of the home and enjoys an attractive outlook over the substantial garden. Multiple rooflights and large doors allow an abundance of natural light to fill the room, creating a bright and sociable environment for everyday family life. The contemporary kitchen itself provides an excellent range of wall and base units, complemented by a substantial central island offering further preparation space and informal seating. There is ample room for a large dining table alongside a generous family seating area, whilst bifolding doors open directly onto the patio and garden, creating a fantastic connection between the inside and outside. For those wanting a separate space away from the main open-plan accommodation, the property also benefits from a generous separate living room, providing an ideal setting for relaxing in the evenings. The bedroom accommodation has been particularly well considered, offering four generous double bedrooms arranged across both floors. The principal bedroom is an impressive space with excellent proportions and its own modern en-suite, while bedroom two & three are also complemented by their own beautifully presented bath and shower room facilities. The flexible layout lends itself particularly well to growing families, visiting guests or those requiring additional working-from-home space. The property also benefits from air conditioning. Outside is undoubtedly another of the home's standout features. The rear garden forms a significant part of the approximately 0.36-acre plot, offering an excellent amount of space and a high degree of privacy, with mature boundaries providing an attractive backdrop. Immediately adjoining the house is a substantial patio and entertaining area, while the garden itself is predominantly laid to lawn. A swimming pool provides a fantastic addition for the warmer months and further enhances the property's appeal as a home designed for family life and entertaining. There are also two particularly useful, detached structures within the grounds. A substantial garden cabin provides excellent versatility as a home office, gym, games room or studio, while the separate entertaining pavilion, complete with built-in seating and an internal barbecue, creates a unique space for hosting family and friends throughout the year.
