About the Property

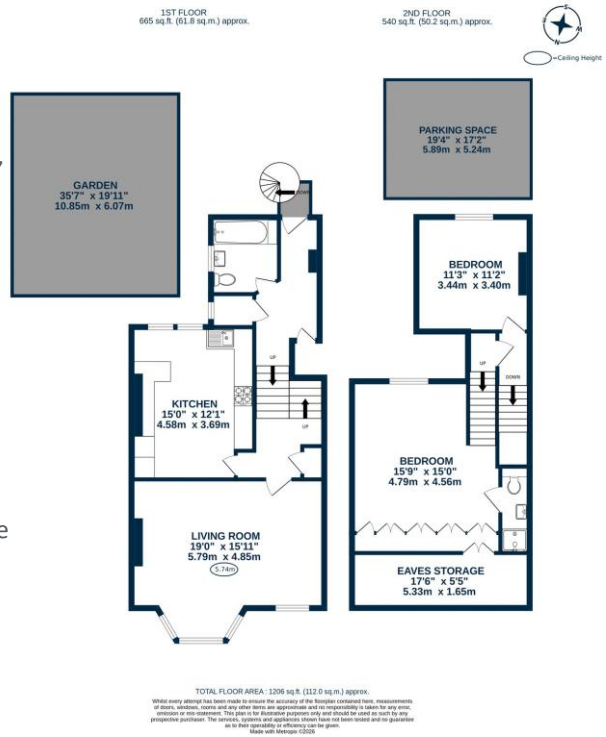

Big on space, big on style, Hillfield makes it all worthwhile

Set within an attractive Victorian building, this impressive two bedroom home immediately stands out for its generous proportions, natural light and feeling of space. The expansive reception room is a particular highlight, with high ceilings and plenty of room to create distinct areas for relaxing, dining and working. The principal bedroom is exceptionally spacious with extensive fitted storage and far reaching views across the London skyline, while the second bedroom is a genuine double, making this an unusually versatile two bedroom property.

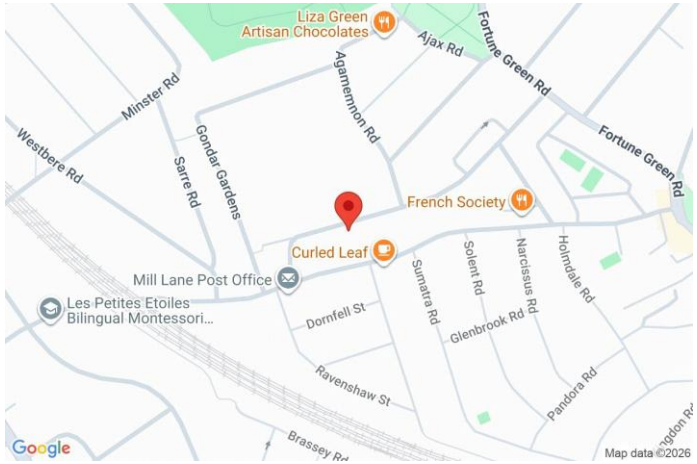

The separate kitchen is equally well proportioned, with contemporary cabinetry, extensive worktop space, excellent storage and a breakfast bar for casual dining. Practicality runs throughout, with a separate utility and airing cupboard as well as substantial concealed eaves storage. Outside, the large private garden provides a brilliant space for summer dining, entertaining or simply relaxing, while private off street parking is a particularly valuable addition in NW6. It is a property that balances period character with the space and functionality needed for modern London living.

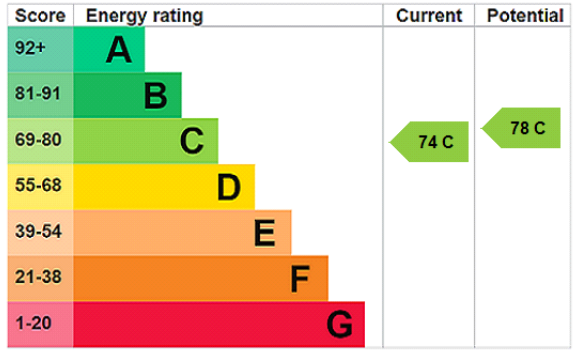

Hillfield Road is an attractive residential street in West Hampstead, well placed for the independent cafés, restaurants, shops and local favourites that give the neighbourhood its character. Excellent transport connections make travelling across London straightforward, while nearby green spaces and a strong local community add to the appeal. Quietly residential yet brilliantly connected, it offers the best of West Hampstead life within easy reach.

Floorplan

Location

Whilst every attempt has been made to ensure the accuracy of the floor plans contained here, measurements of doors, windows and rooms are approximate and no responsibility is taken for any error, omission or mis-statement. These plans are for representation purposes only as defined by RICS Code of Measuring Practice and should be used as such by any prospective purchaser. The services, systems and appliances listed in this specification have not been tested and no guarantee as to their operating ability or their efficiency can be given. Although these particulars are thought to be materially correct their accuracy cannot be guaranteed and they do not form part of any contract.
