About the property

Located in the picturesque village of South Woodchester, this charming period detached house has stunning views from every window.

In need of some updating the cottage is approached into a hallway with planned space for a washing machine and tumble drier, and an adjacent downstairs cloakroom.

The kitchen is compact but has the most amazing view from the large picture window, with a seated area in prime position to enjoy the view. The sitting room has exposed stone walls, a large inglenook fireplace and a door into the charming garden.

Adjacent is the dining room, or further reception room, with beautiful beams across the ceiling and delightful views of the garden.

On the first floor landing a window seat is the perfect place to enjoy the views across the valley, there are two bedrooms, the larger one having fitted wardrobes and a family bathroom with a bath and overhead shower. On the second floor there is a large bedroom with a partition wall, and limited head height at the sides.

Outside the gardens are a particular feature of the garden, mature planting and trees, nooks and crannies make this an interesting place to spend time.

At the front of the cottage is parking for two cars.

what the owner said

I have found the cottage to be a very peaceful place. Perhaps this is due to the beautiful view of the valley from the garden and cottage windows. Whether in summer eating breakfast in the shade of the May tree, or in winter sitting by the bedroom window reading a book, the view draws your eye and brings a deep sense of peace. Although there are a few houses nearby, when you are in the garden it seems very quiet and secluded with only a glimpse of an occasional roof.
