About the Property

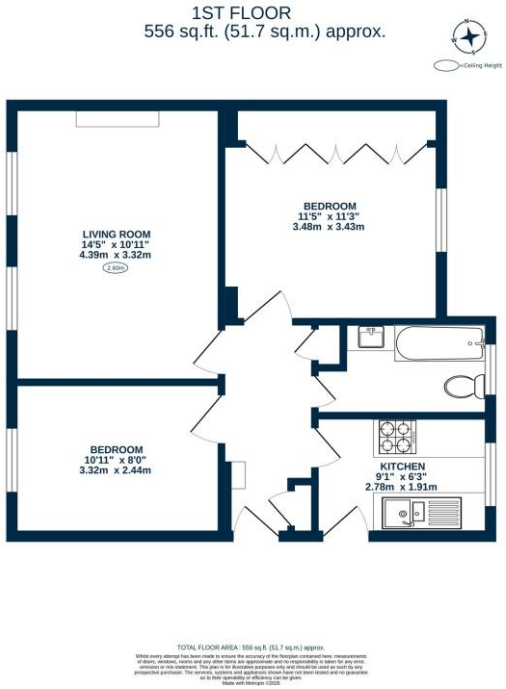

Art Deco delight, with a little history and a lot of style!

A striking example of 1930s Art Deco architecture, West End Court is a beautifully considered development designed by Berlin-born architect Peter Caspari, whose distinctive approach to modernism gives the building a character all of its own. Sweeping curved corners, wraparound windows and crisp white horizontal detailing contrast beautifully against warm red brickwork, creating an architectural landmark along one of West Hampstead's most desirable tree-lined roads. Set back behind mature trees and neatly clipped hedges, the building enjoys a wonderfully private setting, with communal gardens to both the front and rear.

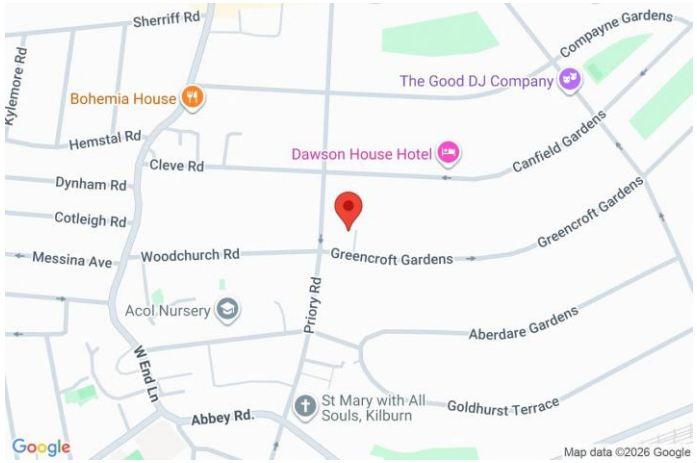

Positioned on the first floor, this charming two bedroom apartment offers the generous proportions and thoughtful layout so often associated with purpose-built homes of this era. The reception room is a particularly inviting space, where tall windows frame leafy treetop views and natural light fills the room, while a characterful fireplace provides a natural focal point. Two well proportioned bedrooms offer comfortable and versatile accommodation, complemented by a separate kitchen and bathroom. Freshly redecorated throughout in 2026, the apartment presents a wonderful balance of period character, everyday practicality and the opportunity to make it your own.

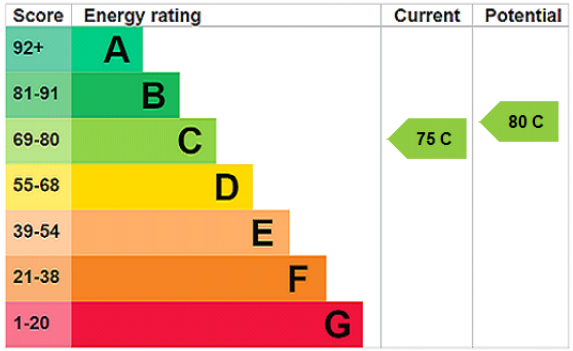

West End Court occupies a peaceful position along Priory Road, one of West Hampstead's most attractive residential streets, celebrated for its elegant architecture and leafy surroundings. The independent cafés, neighbourhood restaurants and boutiques of West End Lane are within easy reach, alongside the open green spaces of nearby Fortune Green and Hampstead Heath. Excellent transport connections are available from West Hampstead's Underground, Overground and Thameslink stations, offering effortless access across London while retaining the relaxed, village-like atmosphere that makes this corner of North West London so appealing.

Floorplan

Location

Whilst every attempt has been made to ensure the accuracy of the floor plans contained here, measurements of doors, windows and rooms are approximate and no responsibility is taken for any error, omission or mis-statement. These plans are for representation purposes only as defined by RICS Code of Measuring Practice and should be used as such by any prospective purchaser. The services, systems and appliances listed in this specification have not been tested and no guarantee as to their operating ability or their efficiency can be given. Although these particulars are thought to be materially correct their accuracy cannot be guaranteed and they do not form part of any contract.
