The property consists in brief: Entrance Hallway with utility cupboard - Open Plan Living Room & Fitted Kitchen - Study Area - Two Double Bedrooms - Bathroom - Double Glazing - District Gas-Fired Central Heating System - Part Furnished - Some White Goods Included - Communal Bike Store - Communal City Garden.

This is a thoughtfully designed 2-bedroom, 1-bathroom apartment located within the prestigious Old Fire Station development in Worcester, WR1 2HN.
Spanning 74 square metres across a single floor, this conversion apartment masterfully combines historic architectural character with modern interiors.

Entering the apartment the hallway connects all rooms, completing this refined and contemporary apartment.

The open-plan living, dining, and kitchen area forms the heart of the home, featuring striking high ceilings, wide-plank light oak flooring, and large sash windows that flood the space with natural light. The kitchen is fitted with bold navy-blue cabinetry, under-cabinet lighting, and a sleek white splash back, complemented by a stylish marble-topped dining table with matching teal chairs.

There are two generous sized bedrooms finished with soft carpeting, tall ceilings, and large windows letting in plenty of natural light.

The bathroom is elegantly tiled floor-to-ceiling in large-format stone-effect tiles, and features a full-sized bathtub with overhead rainfall shower, a wall-hung vanity unit, a close-coupled WC, and a heated chrome towel rail.

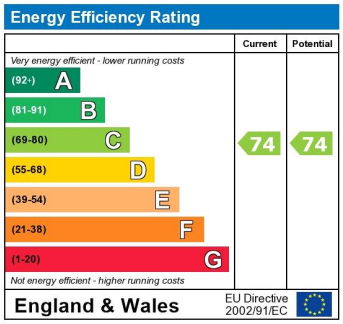

In addition, the apartment has double glazing, district gas-fired central heating system, use of the communal bicycle store & terrace garden.

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills will be.

Whilst every effort is made to ensure the accuracy of these details, it should be noted that the measurements are approximate only. Floorplans are for representation purposes only and prepared according to the RICS Code of Measuring Practice by our floorplan provider. Therefore, the layout of doors, windows and rooms are approximate and should be regarded as such by any prospective tenant.
