called apparnetly thres japaneese knotweed across all these properties, app asking why he wasnt told. says maybe we need to speak to vendor about it.

he was interested but not with this knotweed situation... thinks it a bit pricey due to that but wanted us to clarify this??

Vendor returned call, advised offer and the below note concerning the knotweed. Vendor said last summer he was made aware of some on a piece of land behind his property, said it's not on his land but some disused land at the rear. Someone was trying to contact the person who owned that bit of land.
