Hi Iwona,

Any update on the boiler? I don't think the landlord is really interested to get this replaced anytime soon.

Anyways we are leaving in two weeks.

Just to let you know, one of the brackets of the roller blinds came off while pulling it down few days ago.

If your contractor is coming this side, please ask him to give me a shout.

Regards,  
Ankan

I have already reported this blinds issue back in July. The bracket came off while pulling it down. Have you taken any action on this?

Did you send contractor to fix it?

99 GBP for replacement of the cheap quality blinds??

Regards,  
Ankan
